

Our MA professional internship program gives our MA students an opportunity to apply what they learn in class to real-life situations. The work is mostly in language-related areas, such as copy-editing, translation or teaching Chinese to foreign students. In 2016-2017 academic year, the program is offered either as part of a credit-bearing course LT5199 Professional Internship or a non-credit bearing practicum. From 2017-2018 onwards, it will only be part of a credit-bearing course. During the internship period, the students will work under the supervision of a professional in the host institution and will receive an evaluation.

At the moment, we have internship programs with the following institutions:

### **China**

Nankai University (in cooperation with University of Wisconsin - Madison)
